MAKING PROGRESS

Your progress and results are important for us, and we are aware of the challenges. As a St Giles student you should expect to make progress whatever the length of your course.

Expert Teaching

Our teachers are our greatest strength. All centres have a teacher development programme and sponsor teachers to improve their skills.

Many of our teachers are highly trained, with years of experience. Our teachers are supportive, professional and focused on helping you achieve your goals.

Interactive Lessons

Your classes will be fast-paced and interactive, using real-life materials and situations, and will encourage you to participate and motivate you to learn. We focus on building your confidence in using the language and greater fluency across all skills.

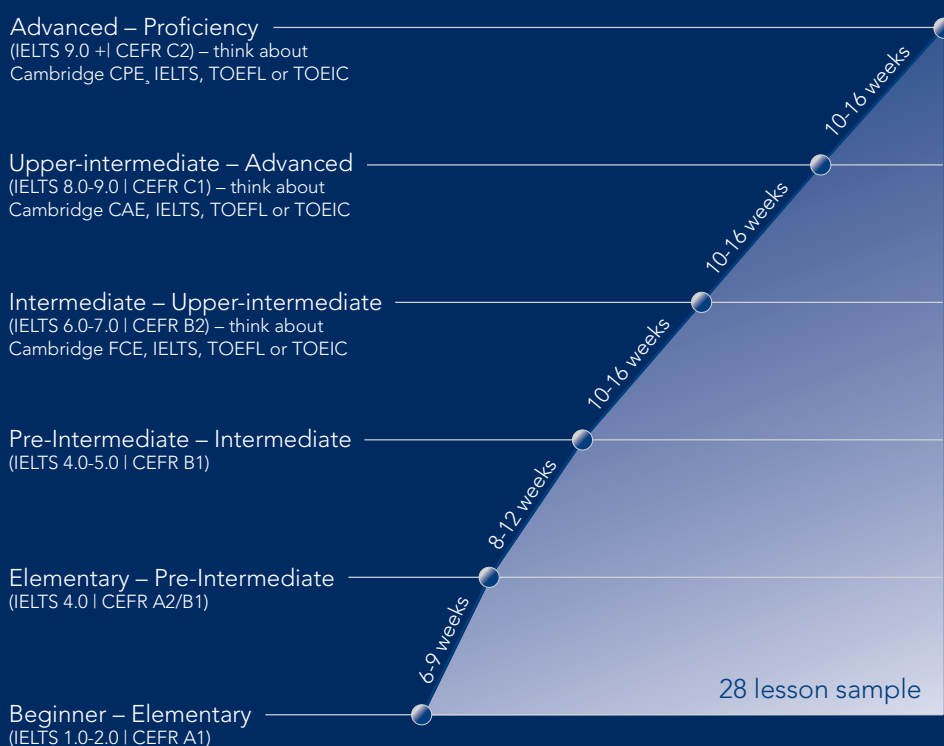

Personal Classes

Our small classes mean that our teachers can focus on you and your needs. High levels of student teacher interaction help you make progress.

Regular 1:1 Counselling

You will have a 1:1 counselling session with your teacher every two weeks. This will allow you to influence the content of your programme, discuss your needs and manage your objectives. We keep a record of these sessions, allowing us to chart your progress through the duration of your course. Regular testing (every two weeks), enables your teachers to monitor your progress.

Personal Progress Chart

This is a guide only and your personal development will depend on the length and intensity of your programme, as well as your own motivation, attendance and ability.

Modern Facilities

Interactive whiteboards, multi-media facilities, digital language laboratories and use of real-life materials mean you are engaged, motivated and actively participating in your lessons.

Self-Access Centres

Make the most of your free time to improve areas you want or need to develop in our Self-Access Centres. Discuss your self-study programme with your teacher during your counselling sessions.

Our joint venture partnership with specialist language travel agent Central de Intercambio (CI) allows our Brazilian Centres to combine the teaching expertise of St Giles, with CI's understanding of the needs of the Brazilian English language training market.

St Giles Brasilia

Learn in Brazil's capital city and the country's 4th largest. A UNESCO World Heritage site, Brasilia is also famous for its modern and dynamic urban architecture and design. We have a small friendly Centre located in the centre of this magnificent city, as well as a Centre in Taguatinga, a suburb of the city.

St Giles Campinas

Campinas is a vibrant university city, just north-west of Sao Paulo, and our contemporary Centre is located in the city's business and commercial centre.
